

FIREFLY

Tough Enough for 10 Years

The FIREFLY range is designed for a tough 24/7 control-room environment. Whether it is monitoring CCTV, emergency response lines, air traffic or any other 24/7 control-room, the chairs required for these applications need to be exceptionally well designed and extremely durable. The Firefly heavy duty chair is designed and built for precisely this application. With a fully adjustable headrest and lumbar support, 3D armrests and a synchronous swivel & tilt mechanism with integrated seat depth adjustment, this innovative chair can easily be setup to suit any 24/7 control-room operator. With its 5-Star ergonomic rating, the Firefly has every modern ergonomic feature necessary for comfortable sitting. By including a 10 year warranty, the Firefly becomes a control-room chair *par excellence*.

Features:

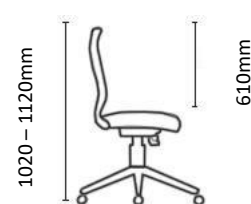

- Black mesh backrest with fully adjustable lumbar support.
